

How-to Videos

Where can I find videos related to using the Shutter Stream software?

Step-by-step guide

Best way for accessing self-help videos is by going to our YouTube Video Channel:

1. Please go to: <https://www.youtube.com/user/IconaSys/videos>
2. Browse through the available videos.
3. Subscribe to our channel in order to get updates when new videos get posted.

Alternatively, the following table lists different technical support videos that we have produced for customers and which may be of help and interest to you:

Date	Link	Product	Version	Description
4/24/19	https://youtu.be/ibN6QINmat0	ShutterStream	6.1	Using risers for efficient background removal.
1/29/19	https://youtu.be/ly8vxpEp9g	ShutterStream	6.1	Background removal for rings.
2/15/19	https://youtu.be/Pl9P37qp5V4	ShutterStream	6.1	An example of using the magic wand tool, with unconstrained selection, to process background removal on multiple 360 frames.

You can also go to our [Shutter Stream Knowledge Base](#) page and search for keywords related to your issue, in order to get a list of knowledge base articles.
